Meeting Notes (Old/New Business, Decisions, Agendas)
<p>Intros. New people Kathy Newport and Beverly Maloy. Kathy Newport had done Have a Healthy Baby pre-covid. Bringing Beverly on to help secure the program for next year.</p> <p>Steve motioned to approve May minutes and John seconded</p> <p>Steve reported that all claims that had been turned in have been submitted. Passed around spreadsheet for review by group.</p> <p>The CCP was approved and claims can start being submitted to Nikki and she will send to Steve to turn in to auditor.</p> <p>4H sign up sheet was passed around again; don't forget you have to have 2 hours of volunteer time by March 30th next year in order to be eligible for funds. We will have the 4H and our Red Ribbon Breakfast this year to get those hours. We also need to figure out if we are doing a booth at HKD or if we want to do something else this year? We also need a plan for 4H Fair which is our BIG event to participate in.</p> <p>HKD report out. It will be August 6th from 8:30am-12:30pm. We need more sponsors and nonprofits to participate. We want it to be a big nonprofit day. We will allow those nonprofits to participate and if they have fundraisers they can do those that day. For example, the LPD and their pork dinner/lunch to raise money for Shop with a Cop. It will be at Riverside Park. Carousel is being sponsored by Logansport Church/Father's House. It was suggested that the LCC help sponsor the mini golf so that it is free for the community. Rick volunteered to pay for the remainder of the mini golf sponsorship if needed.</p> <p>Maybe just have a booth with resources not necessarily covering a booth, but helping in other areas. We could acknowledge Partners as sponsoring the mini golf.</p>

What would we like to do at the 4 H fair? Someone suggested the spinning wheel for prizes. We also need to get surveys filled out. Last year was the lowest survey count ever. We need to work on getting this survey out so we can use it in our CCP next year. It is also on our website so we need to be sharing it please. <https://forms.gle/jOmHLYptQf6fuRAp9>

Do we have any other donations for the fair? Sheriff is donating the coloring books. Chuck says he received some donations. Please fill out form going around on donations. Any game ideas please message Nikki.

Nikki will try to obtain fillable templates for documents and to upload them to the website so that you can view them. Right now, all we have are the templates in the manual and they are pdf and cannot be filled in.

The videos from the last DFC training are being edited so that we can upload them to the website. More trainings being planned now. Stay tuned for flyers.

Youth Coalition is being created and we are looking for youth in jr/sr high school to join the efforts. YSA is looking for youth to participate in a project with youth being recorded stating positive messages from Developmental Relationships. These will be posted on social media and website. YSA is working with the radio station on some positive messages that will be aired throughout the day for free. The radio station even suggested the idea of allowing the kids to create their own "channel" where they promote positive messages. YSA needs youth interested in participating in this please let us know if you have someone in mind that would want to help with this.

Someone asked if the Parks would want to donate free summer swimming passes; however, this is the last day of open swimming at the pool so they would have to be passes for next year or that day.

Nikki announced Squeal on the Eel reaching out for volunteers. It is for a great cause and great local organizations so if you or your organization could maybe donate some time that would be great. Message Nikki for more information. Steph Helton is the contact for that event and put VOLUNTEER in the subject line.

Karli announced United Way is still taking Live United products until July 1 if you have any projects you'd like to see please turn these in.

Stephanie announced there will be a couple of webinars coming up. They are education and free. They are on basic opioid and alcohol treatment subjects.

Tom voiced his opinion about the Fentanyl test strips not being a good idea considering you have to break down the substance to use them and this may cause unnecessary exposure. John agreed it would increase danger and LPD event tries NOT to test unless they have to avoid exposure. Ed agreed it is very dangerous.

Steve motioned to end meeting, John seconded.

Next meeting will be in August. Fair Booth in July counts for July Meeting.
